## MOBILE LICENSING OFFICE TO BRING SERVICES TO LEARNING FOR LIFE EVENT

~ Bringing services directly to you ~

**MIAMI** -- The Florida Department of Highway Safety and Motor Vehicles is pleased to announce that its Florida Licensing On Wheels mobile office will participate in a Learning for Life event this Friday. Learning for Life's goals are to help youth develop social and life skills, assist in character and career development, and help youth formulate positive personal values. They use programs designed for schools and community based organizations to prepare youth for the complexities of contemporary society while also enhancing their self-confidence, motivation and self-esteem.

FLOW mobile units are equipped with the technology and ability to bring valuable motorist services directly to customers. They are handicap accessible and provide a convenient method to renew a driver license, obtain a duplicate driver license, change a name or address on a driver license, get an identification card, renew a vehicle registration and purchase a specialty license plate.

The FLOW mobile also offers the Department's newest safety initiatives through Emergency Contact Information registration, identification cards for children (ages five and older) and safety campaigns by the Florida Highway Patrol.

Customers wishing to obtain a driver license or ID card must bring an original or certified copy of their birth certificate and proof of their Social Security number. DHSMV provides a complete list of acceptable identification documents at [www.flhsmv.gov/ddl/faqkeys.html](http://www.flhsmv.gov/ddl/faqkeys.html). Customers also need to bring proof of their residential address because driver licenses and ID cards no longer show non-residential addresses, such as a post office box number.

The cost of an ID card is \$10. Acceptable methods of payment include cash, check and select credit cards (MasterCard, American Express and Discover.)

We are bringing the office to you. Please visit the DHSMV FLOW mobile at the following location:
