NAVIGATION BAR

The DAVID Navigation Bar is divided into two (2) sections.

The left side of the bar displays user information and navigation options.

The navigation features available (left side of the bar) allows you to conduct an advanced search, navigate to the home page by clicking on the DAVID logo and navigate to other security access granted by using the Menu drop down option. (Please Note: Options on Menu Drop Down vary and is dependent on your level of access).

The right side of the bar serves as a “Quick Search” for the system, and will be available for immediate use through out the system.

The Quick Search featured on the navigation bar allows users to search for information in a fast and easy method. When conducting name searches with the Quick Search bar, it will require an exact match.

Search Selection Criteria

New DAVID is consider intuitive. It anticipates your search needs based upon the information entered and narrows your selection.

New DAVID has the ability to determine if you are searching for a person's name or driver license rather than a license plate.

Starting your search with an alpha character will give you the following list of possible search criteria to select from:

- Individual Name
- Driver License Number
- Alien Registration Number
- Form Number
- License Plate
- Business
- Name
- Vehicle Identification Number (VIN)
- Out of State Registration Number (OOS)
- Decal Number
- Documented Number
- Parking Placard Number

Starting your search with a numeric character will give you the following list of possible search criteria to select from:

- Social Security Number
- Parking Placard Number
- Embedded Inventory Number (EIN)
- Admissions Number
- Federal Employer Identification Number
- License Plate
- Business Name
- Vehicle Identification Number (VIN)
- Out of State Registration Number (OOS)
- Title Number
- Decal Number

The image shows a search interface with a white search bar on a blue background. The search bar contains the text "Search (tag, DL, person, etc.)" and "021 - Specific Agency Function". To the right of the search bar is a dropdown menu with a downward arrow. To the right of the dropdown menu is a green button with the text "Search".

Instructions for the Traffic Fatality/Serious Bodily Injury System

This reporting system was created to record traffic crashes which meet one of the following criteria:

- A Traffic Fatality
- Serious Bodily Injury where a blood sample was drawn from any driver

We have omitted certain information that is not needed within the initial 24 hours, such as weather conditions, safety equipment in use or not, etc. (These will be gathered from the final crash report.)

Instructions:

1. Select menu option FSBI from the menu dropdown on the task bar
2. After selecting FSBI, you will have two (2) options, to inquire or add
 - Inquire Traffic Fatality/Serious Bodily Injury (SBI)
 - Add traffic Fatality/Serious Bodily Injury (SBI) record
3. Investigating Officer Name, Investigation Agency Name and Investigating Officer Email are all pre-populated fields. However these fields can be edited if necessary.
4. To add someone to the FSBI report, enter information in the "Add a Fatality, or Serious Bodily Injury" section, "Add a Person". If additional individual need to be added, select the "Add another Fatality/SBI" button. You may add unlimited individuals.
5. Submit FSBI Report

Please note that in the absence of a fatality in the crash and/or if the driver information to be reviewed does not indicate blood was drawn, this system should not be used.

Extended Session Timeout Acknowledgement

Due to Department of Highway Safety and Motor Vehicle policies, POC will be required to acknowledge their intent when granting individuals access to DAVID for the extended session.

The screenshot displays the 'Access Control' interface. At the top right, there are two buttons: 'Create New Temporary Password' and 'Edit Roles'. The main form area includes fields for 'Lock the User:' (set to NO), 'User ID:' (530586), 'Time Zone:' (Eastern Standard Time), 'Extended Session Timeout (L...)' (set to YES), and 'Set 24 hour Access:' (checked). Below these are 'Access Time Start:' and 'Access Time End:' (both set to 24hr Access), and 'Night Mode Begin Time:' and 'Night Mode End Time:' (both set to 12:00 AM). A white 'Acknowledgement' dialog box is overlaid in the center, containing the following text: 'Please be aware, setting Extended Session Timeout (Law Enforcement) to "Yes" will allow User exemption from the Department's standard Security Access Controls. In the interest of officer safety, devices that are: (1) part of a police vehicle; or (2) used to perform dispatch functions and located within a physically secure location, are exempt from the Department's standard Security Access Control requirement. This Role should be granted to Law Enforcement or selected sworn personnel only. If you are unsure about granting this exception, please contact your Administrator or Legal Department in your Agency for assistance.' At the bottom of the dialog are 'Cancel' and 'Accept and Save User Record' buttons.

Self Registration

Generate Registration URL for Self Registration

When you are allowing the user to self register for access to DAVID, you must first generate the URL to email to the individual. This is accomplished by:

- Going to the Administrative Functions menu
- Select “Generate Registration URL”
- Click the “Click to Select Link” button
- Email link to recipient(s)

The image shows two screenshots of the DAVID system interface. The top screenshot displays the 'Administrative Functions' menu with five green buttons: 'Edit Agency', 'Add User', 'Edit User', 'Review Pending Users', and 'Generate Registration URL'. The bottom screenshot shows the 'Generate Registration Link' screen, which includes a dark blue header 'Agency Specific Registration Link' and a white content area. The content area displays the text 'Registration Link:' followed by the URL 'https://david.flhsmv.gov:443/DAVID/PublicWeb/UserRegistration?FilterAgencyID=184' and a 'Click to Select Link' button.
