Bureau of Records

DATE: December 7, 2010

SUBJECT: **Florida Driver License Transcripts via FTP**

The Department of Highway Safety and Motor Vehicles has historically provided driver records to city and county government agencies at no cost. Section 322.20, Florida Statutes, states that the department may provide driver records at no cost to other state agencies, courts and law enforcement agencies. Outside of these provisions, the department is mandated by Florida law to collect established fees for driver records.

Effective July 1, 2011, the department intends to collect the fees specified by Section 322.20, Florida Statutes, for records we provide to your agency. We have enclosed an amended Memorandum of Understanding between our agencies. This amendment reflects the appropriate charges for driver records.

After we receive the signed attached documents you will be contacted to establish payment procedures.

Please return the enclosed documents to the following address:
