TO: Law Enforcement Agencies

FROM: Dana Reiding, Chief
Bureau of Records *Dana Reiding*

DATE: September 3, 2010

SUBJECT: **Driver License Information for Medical Examiners**

We were recently asked if it is acceptable for law enforcement agencies to share driver license identification information and photographs with medical examiners working to identify a decedent.

Law enforcement agencies may share or provide medical examiners with driver license identification information, including the photograph, for the law enforcement purpose of identifying a decedent. This may be accomplished by showing the DAVID Individual Summary page to the medical examiner.

Please visit our web site at www.flhsmv.gov/courts for more helpful information and direct any questions to Bonnie Scott-Walls at (850) 617-2702 or send an email to bonniescott-walls@flhsmv.gov.
