- Reinstated Titles in NMVTIS

FDLIS MODIFICATIONS

Director of Motorist Services Name Change

The Director of Motorist Services name was changed from Clayton Boyd Walden to Robert R. Kynoch. All Division of Motorist Services form letters/documents have been changed to reflect Robert R. Kynoch's name.

Chief of Motorist Compliance Name Change

The Chief of Motorist Compliance name has been changed from Julie Gentry to William R. Graves. All Bureau of Motorist Compliance form letters/documents have been changed to reflect Ray Graves' name.

Sexual Predator and Sexual Offender Checkbox

The Issuance Personal Information Screen has been changed to not allow the Sexual Predator or Sexual Offender checkbox to be unchecked when the customer has been designated by Florida Department of Law Enforcement as a Sexual Predator or Sexual Offender.

Detailed information on procedures will be sent in a separate technical advisory.

Sexual Predator, Sexual Offender and Career Offender Letter change

The Sexual Predator, Sexual Offender, and Career Offender letters have been modified to allow the agent to indicate the reason the customer could not obtain a Driver License or Identification Card at the time of required registration. The following options are now displayed on the letters:

- Identification Documents
- Residency Documents
- Required Payment of Fees

CDL Adjudication Withheld Validation Process change

New business rules for processing "adjudication withheld" dispositions and "school elections" involving commercial drivers has been implemented. Information regarding this change was disseminated statewide on December 15, 2015 (DL15-029).

FRVIS MODIFICATIONS

Director of Motorist Services Name Change

The Director of Motorist Services name was changed from Clayton Boyd Walden to Robert R. Kynoch. All Division of Motorist Services form letters/documents including the Certificates of Title have been changed to reflect Robert R. Kynoch's name.

Title Audit Report

The Title Audit report has been corrected to now display the count of the titles that have been reprinted.

Correction to GDC Decal Inventory Error Message

The error message "NO MORE VDC DECAL INVENTORY AVAILABLE" has been changed to "NO MORE GDC DECAL INVENTORY AVAILABLE"

De-authorized Plates

The issue with de-authorized plates has been corrected. FRVIS will prevent an issuance even when inventory is available. This fix also addresses the issue with FRVIS allowing a de-authorized plate to be reserved and the issuance of a de-authorized plate when the plate is up for the 10 year replacement.

Dealer License Email

FRVIS was modified to prevent multiple email addresses from being entered when processing Dealer License applications. When an email address is entered that has an invalid character or an invalid format, FRVIS will display an error message indicating so.

Reinstated Titles in NMVTIS

FRVIS was modified to update the Title Issue Date. This will then update NMVTIS with the correct jurisdiction and Title Issue Date.
