

## Want to make a real difference in a child's life?

**Your \$2 donation can help keep a child safer in the car right here in Florida.**

Next time you register or renew your Florida vehicle tag at your local County Tax Collector or DMV Office, through the mail, or on-line, please donate to the \$2 Makes a Difference Child Safety Seat Program.

Your donation will be used to buy a child safety seat or booster seat for a needy child living in your own county right here in your home state. For some parents, purchasing a child seat can be a financial burden in these tough economic times. Can you help?

### **Children Are at Risk — It's a Fact**

Traffic crashes are the #1 cause of death for children of all ages, killing more than all childhood diseases combined.

Six out of 10 children who die in crashes each year, die because they are not properly restrained in child seats or boosters.

**Please help us prevent serious injury and death among Florida's most vulnerable motorists - children.**
