

November 11, 2001

Florida Highway Patrol  
Attn: Corporal Jefferson W. Brock  
3247 Lakeland Hills Blvd.  
Lakeland, FL 33805

Dear Corporal Brock,

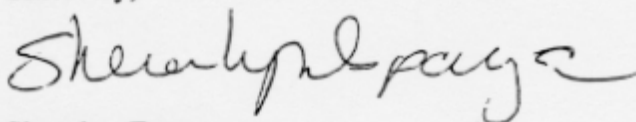

I wanted to thank you for stopping to assist my friends and me this past Saturday, November 10<sup>th</sup> on Interstate-4.

At the end an evening celebrating my friend's upcoming wedding, the last thing we anticipated was our van to break down at 2 a.m. while driving back to Tampa! We were cold and uncomfortable to be standing on the side of the road waiting for help. You were definitely a welcoming site. We felt more safe as you put your police lights on so that we reduced the risk of being hit by upcoming cars. And we definitely appreciated you waiting with us until the tow truck arrived. Finally, we were grateful for the lift to the Ramada to wait for further help.

I know you were on your way home from your long 13-hour shift. Thank you, thank you for taking the time to stop to help us. We truly appreciated it! Also, thank you for the job that you do as a State Trooper. You have a dangerous job and probably are not told often enough that the public appreciates the work you do. So I wanted to thank you for making our state a safer place!

Best wishes for a safe and happy holiday!

Sincerely,

Sheralyn Esparza
