Dear Major Gregory + Captain Duncan:

I recently purchased an antique car at the Daytona Turkey Run Car Show. While traveling from Daytona to Naples the vehicle broke down on Route 4. Trooper Carl H. Simpson stopped to offer his assistance and to ensure my safety while the vehicle was being repaired.

While most professional, he showed a genuine concern for and interest in the safety of a motorist in trouble. He sets a standard for all troopers to strive for, and is a credit to the FHP. He made me feel relaxed, offered the use of tools and provided me with his cell phone number in the event I had any further problems while in his area.

Sincerely,
Ted Warzecha
