DATE: December 24, 2001

My fiancée, my dog and I were driving from Atlanta to Miami last Wednesday for the Christmas Holiday. While driving, we were involved in a single car accident on I-75 South a few miles north of Ocala. Trooper Deweese was the responding officer and acted with great professionalism. He made sure that we were safe at the scene and expedited our arrangements with towing and lodging for the night. He was extremely helpful and considerate at a time when my fiancée, my dog, and I were all quite "shaken-up" from the trauma. It was a relief to have a smart and professional officer on our side at such difficult time. Trooper Deweese is an asset to your force and I would endorse any promotion or commendation for him. Please feel free to contact me for further details at the phone number above. Merry Christmas and thank you.

Sincerely,
