Dear Director Knight:

I recently had an encounter with Lt. Jerry Adams of the Florida Highway Patrol. Lt. Adams stopped my wife and I on a Saturday afternoon on I295 in Jacksonville. There could not be a more courteous and polite Trooper in your employ. While he admittedly gave me a stern lecture for my failure to wear a seat belt, he was extremely polite. Even my wife remarked that she had never seen an Officer exhibit such professionalism as Lt. Adams.

I commend you for your work and hope that we in the Fourth Judicial Circuit are as co-operative and as professional as Lt Adams.

Very truly yours,
