Dear Trooper Addison,

We would like to let you know how much we appreciate your willingness to come and testify during our trial before Judge Prescott last Thursday. We are aware of the situation with your wife, and we want to let you know that your willingness to come in and testify during such a difficult time is beyond admirable. It speaks strongly as to the type of man that you are as well as your dedication to your profession.

Your expertise on the stand was amazing, and we know it made the difference in our trial. We are convinced it is why we got a guilty verdict. To take a uniform to the hospital during the crisis you were in and to be available to testify in light of the situation is amazing. We only wish people who complain of law enforcement officers could know what sacrifices you make for your job, and your commitment to the community.

Please know that our thoughts and prayers are with you and your wife. Her health and well-being are infinitely more important than any DUI trial. Thanks again for your help

Sincerely,

Joseph John Mansfield
