ASM  
(Great letter!)

April 6, 2002

Honorable Jeb Bush  
Governor of the State of Florida  
Tallahassee, FL 32303

Dear Governor Bush,

In a few months, my daughter will start attending Florida State University as a new student. Today, on her way home from visiting another state university with a friend, they were stopped by Officer Chapman of the Florida Highway Patrol. He clocked them traveling over 100 mph. I want you to know that I feel Officer Chapman probably saved their lives, if not today, someday.

Not only did Officer Chapman stop them, lecture them, and gave them a ticket, he also used his personal cell phone to call me so I could also be a better parent for my daughter. I think FHP is lucky to have an officer like Officer Chapman and I hope you pass on to him my thanks.
