Captain Robert Miller  
Florida Highway Patrol  
1350 US Highway 90  
Lake City , Florida 32055

Dear Captain Miller:

We are writing this letter as the means by which we can commend one of your officers, Lt. James Darby.

My husband and I and a granddaughter were returning from a camping trip, pulling a travel trailer on Interstate 10. The left rear tire on our vehicle blew out. We were parked on the side of the highway when Lt. Darby pulled up. He was not patrolling that area but was returning from Tallahassee. He was so helpful in getting help for us and stayed with us until he was comfortable that everything was okay and that we were safe.

We are an older couple and perhaps that was one of the reasons he was so concerned. He demonstrated such patience and kindness, we wish to give him recognition for his outstanding service.

Gratefully,

Mr. and Mrs. John F. Carmichael
