RE: GUEST SPEAKER - Trooper Charlie Harris.

I would like to thank Trooper Charlie Harris, for speaking to both of my classes at South Dade Adult Center.

The students thoroughly enjoyed hearing what Trooper Harris had to say about becoming a trooper of the Highway Patrol. The students asked many questions about Trooper Harris job. He did a great job speaking to my classes. The feedback from my students was very positive. Some of my students were very interested and they would like to become Florida Highway Patrol Officer after they receive their High School Diploma. Trooper Harris has a great rapport with my students.

Thank you again for taking time out of his busy schedule so he could talk to my work experience students.

Sincerely

LEONARD I. FRAIND
