

DIVISION OF FLORIDA HIGHWAY PATROL

BUREAU OF FIELD OPERATIONS – REGION III

April 4, 2002

FROM: Chief Rick S. Gregory 

SUBJECT: Commendation

You are to be commended for your leadership and personal involvement in a recent enforcement initiative in Troop H that resulted in the seizure of a 1999 GMC Truck and over 84 lbs. of marijuana. It is imperative that our members receive the command level support and guidance such as that you demonstrated in this incident.

It is refreshing to hear of significant seizures such as this one that was made and to know that our felony teams are intruding on the illegal contraband business. Again, I commend you, and those members who participated in this event, for the efforts. Keep up the good work!

RSG
