RECEIVED

Office of the Director
Florida Highway Patrol

Florida Highway Patrol
Colonel Christopher Knight
Mail Stop 40
Neil Kirkman Building
2900 Appalachian Parkway
Tallahassee FL 32399

Dear Colonel Knight:

I would like to take this opportunity to formally thank **Corporal Michael Hulion** for his assistance with my future daughter-in-law (Crystal Phillip) and her son Cory, age 5, on the night of March 27, 2002. Crystal was southbound on Highway 85 enroute to her residence in Niceville FL at approximately 7:00 p.m. when her car broke down. Corporal Hulion was working and stopped to assist her. Eventhough family was enroute to her location, Corporal Hulion stayed in the area checking on her several times until help arrived. The area that Crystal was stranded is a very isolated stretch of highway. Crystal was approximately five miles South of Crestview FL and 8 miles North of Niceville FL. This area is part of the Eglin Air Force Base reservation with no streetlights or businesses of any kind in this twenty (20) mile stretch of highway. It is very refreshing in this day and age to have someone as kind, considerate, and protective as Corporal Hulion serving the people of Florida. Corporal Hulion embodies all values of the Florida Highway Patrol to serve and protect all residences of the State of Florida. It was very reassuring that Corporal Hulion was on duty and I had no reason to worry about Crystal and Cory.

Please pass my thanks and deepest appreciation on to Corporal Hulion for all he did. I feel safer on the road knowing that troopers like him are serving the public of Florida.

Sincerely,

Brenda Harris
