Dear Colonel Knight,

The recent visit by the Site Selection Committee of the Republican National Committee not only highlighted the attractions and attributes of the Tampa Bay area; it showcased the professionalism and dedication of our community's Law Enforcement Officers. Captain Gregory S. LaMont and Corporal M. D. Hensley were asked to participate in this event on short notice and undertook this task without reservation. They demonstrated a professional image and a strong dedication to service and duty. Their vigilance and dedication to duty was evident throughout this event and he should be commended for projecting such a positive image of the Florida Highway Patrol.

Sincerely,

Bennie R. Holder
