TROOP D-HQ

Major Cyrus Brown
Florida Highway Patrol
Commander, Troop D
133 S. Semoran Blvd
Orlando FL 32814 -0193

Dear Major Brown

On behalf of the men and women of the 45th Space Wing, I would like to sincerely thank Trooper Kim Miller for the outstanding support she provided during the kick-off of our Holiday Season Safety Campaign on 15 November 2002. The rollover vehicle demonstrator was an excellent visual device for our personnel, and it illustrated the criticality of wearing appropriate vehicle restraint devices while operating or riding in a motorized vehicle. Additionally, the presentations and field sobriety tests that Trooper Miller conducted hit home on our main focus of the campaign, "Drinking and Driving" and "Use of Seatbelts." I can sincerely state the campaign kick-off was a success, and I would like to applaud the men and women of Troop D in their efforts to preserve lives through continuous traffic safety education and traffic enforcement.

Again, please thank Trooper Miller for her superb performance, and we look forward to working with her and Troop D in future safety campaigns.

Thank you!

Sincerely

J. GREGORY PAVLOVICH
Brigadier General, USAF
Commander
