Dear Lt. O'Neill

This letter comes with high regards to Trooper Neil Moore. I have been sending this letter for a few weeks now. Each time I have had to travel out of the area. Traveling is how I came to meet Trooper Moore.

I was returning back to Jacksonville from attending a funeral in Fort Pierce of my sister-in-law when I was cut off by another vehicle. I was alone scared and quite shaken. Trooper Moore was my comforting angel. He was there when called upon reassuring me that everything would be okay.

I want to commend Trooper Moore for his assistance, braving those woods and shrubbery and his kindness.

Sincerely,

Thomasina Adams Venable
