

Donna Colman Knight,

I am aware that you often get complaints and negative feedback from the public regarding our troopers. I am often negligent in giving praise where it is due.

A few weeks ago my husband and I were involved in a wreck. It was not our fault (I know you hear that also). The person who pulled out in front of us was lying and getting his friends also to try to say we were speeding.

I was afraid that because he had so many witnesses that the trooper Henry Ortiz would believe their report. I have to say that this is an officer of honesty and integrity. Although he knew the men involved (they own a wrecker service and he had dealings with them prior to the day of our involvement), he looked at our skid marks and belived us. What a miracle!!! We were so pleased to be vindicated.

I feel that if all of our Florida troopers were like Officer Ortiz then Florida would have the finest troopers in the United States.

It was a very stressful situation for us, of course, we had been in an accident (no one was injured). He was a rock. He was concerned for our well-being, very polite, very much interested in getting the facts. He absolutely showed no bias. He could have stood by his associates but he choose TRUTH. We feel blessed to have officers like Officer Ortiz on our state police force.

Thank you for such high standards. I want you to be aware of the competency, manners, and consideration of this officer.

Thank you, sir. May God bless you and our officers out in the line of duty. We are very proud of you. I must say that we are extremely proud of Officer Ortiz.
