Deland, Florida 32274

Dear Captain Duncan;

Although this letter is long overdue, I wanted to write and thank you for the cooperation and assistance your department afforded us during the visit of President George W. Bush to Daytona Beach, Florida on January 30-31, 2002.

Events such as these require a great amount of cooperation from the law enforcement community as well as, public organizations and private sector entities. The Secret Service takes great pride in the fact that we work well with all agencies and part of that stems from our understanding and appreciation for the work of all participants. I'm sure that it comes as no surprise that the cooperation between the Florida Highway Patrol and the Secret Service has never been better.

It is with this in mind that I wanted to thank you personally for maintaining that spirit of cooperation between our agencies. I want to personally thank each of the officers, troopers and other personnel from the Florida Highway Patrol who worked along side us prior to and during the visit. In particular, I would like to thank Sergeants John Borzner and Richard Ritter, Corporals Alan Conklin and Dwight Wiles, Troopers Kenneth Gill, Richard May, and Dennis Warren, and the Auxiliary Staff; Lt. Colonel Carroll Dickerson, Capt. Gordon Honeycutt, Lt. Larry Robertson, Sgt. Jackie Spry, Corporal John Smith, and Troopers Francis Mazelin, Sonny Carter, William Hobek, Charles Wheeler, and John Manus.

Please relay my sincere thanks to each of the participants because without their assistance, events such as these would not be a complete success.

If, we can be of assistance, please do not hesitate to call.

Sincerely

Cary Rosoff
Special Agent in Charge
