Dear Florida Highway Patrol Staff:

I wish to personally express my sincere gratitude and appreciation for the car seats and coloring books donated to Manatee County Head Start in the amount of \$980.00. It is so thoughtful of you/ your organization to select our program as your donor agency.

Each year we must acquire 20 percent of our budget in local match. Your contribution plays a major role in our program quest to meet this goal. Community support is vital to maintaining a strong child-care existence. We are committed to providing comprehensive, high quality child development services to low-income children and families of Manatee County. With the primary focus on school readiness, I pledge to conduct a vigorous campaign to make sure that every child that enters our program leaves with the fundamental skills necessary to succeed in school.

On behalf of the children of Manatee County Head Start, the staff and I thank you.

Sincerely,

Irene Ingram
Acting Interim Director

Sponsored by Manatee Opportunity Council, Inc.
