October 25, 2002

Corporal Mike Strickland  
Florida Highway Patrol  
2100 Mahan Dr.  
Tallahassee, FL 32308

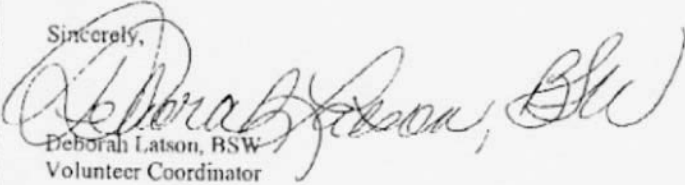

Dear Corporal Strickland:

Elder Care Services, Inc. and the Senior Companion Program want to thank you and the Florida Highway Patrol for the excellent presentation to our senior volunteers on 10/22/02, regarding "Safe Driving". Your knowledge of the topic was evident by the attentiveness of the volunteers. We especially liked your introduction; it made the volunteers feel comfortable and free to ask questions. They stated that your presentation was, by far, the "greatest".

It is so nice to know that there are agencies out there with information and resources to help us. The simulation of a rollover involving an infant and adult provided insight of an actual accident. It is agencies like yours that make it possible for our seniors to volunteer and serve others in their community in a positive way by sharing valuable information with their clients regarding available resources.

We are looking forward to calling on you again in 2003. Thank you again for your help. ☺

Sincerely,

  
Deborah Latson, BSW  
Volunteer Coordinator
