

**THE
FAST
AND THE
FURIOUS 2**
Second Unit

February 1, 2003

Lt. John Bagnardi
Office of Public Affairs
Troop I.
Florida Highway Patrol
14190 State Road 84
Davie, FL 33325

Dear Lt. Bagnardi:

On behalf of our "Action Unit" director, Terry Leonard, our Assistant Director, Michael Waxman and the entire cast and crew of the theatrical motion picture entitled "*The Fast And The Furious 2*", please accept our sincere gratitude for your guidance, support and assistance during preparation, permitting for and during the filming on I-75. There are no words that can express what your professionalism and knowledge meant in helping us to get the footage necessary to bring this film to completion. I doubt we could have completed our task without you.

A film of this magnitude does not come along frequently. When the next one comes along, or any that deal with highways, I will request for you to be our coordinator. I've also given your name to other location managers.

As you may know, the film industry is a clean air industry that is important to the future growth of South of Florida. This industry creates jobs for those of us who live in the community and provides for the purchase of goods and services throughout the South Florida communities.

The locations staff is especially grateful for all of your support and each of us look forward to working with you on future projects.

Sincerely,

Elizabeth A. Elwell
Locations Manager of the "Action Unit"
on behalf of The entire locations department
