Tallahassee, Fl 32399

Colonel Christopher A. Knight

I am writing to commend one of your troopers. On December 14, 2003, I was at my wit's end attempting to locate a proper traffic violation statute in regards to a residential complaint. With mentioning this, you are now aware that I am also in law enforcement. I called Florida Highway Patrol (813-631-4020) and requested assistance with my dilemma. I was transferred to Lieutenant Frear. This gentleman is what I could only aspire to be when it comes to patience and intelligence. He went above and beyond his call of duty to help me to obtain the correct statute and was very thorough in his research.

Needless to say, I was quite impressed with Lieutenant Frear and I would like you to be aware of the great job your troopers are doing.

Please thank Lieutenant Frear again for me by placing this letter of appreciation in his personnel jacket.

Sincerely

Corporal Sharon Robinson
Tampa Police Department
