Office of the Director
Florida Highway Patrol

October 9, 2003

Dear Sir:

On September 26, 2003, Officer Millian and Officer Jacques were the investigating officers in the traffic fatality that claimed the life of our 19 year old grandson, James Christopher McMillion.

The two officer's have a special job that should not go unnoticed in the manner that they handled this situation. At best, we were difficult, because he had lived with us most of his life.

If this brief note could just be added to their files, it would be appreciated.

Thank you.

Sincerely,

Ralph and Carolyn Hamilton
