

Major David McCarther:

I am writing in reference to the performance of one of your troopers I had the chance to interact with on April 29, 2003.

I had been involved in an accident and was fortunate enough to have Trooper Victor James respond. Even though I did not agree with the ticket that was issued, his conduct can not be described as anything but incomparable. He was understanding, polite, compassionate, fair and an overall pleasure to work with.

Trooper James' performance compelled me to write this letter. His outstanding regard for both his job and the people he works with reflects an unparalleled professionalism. Even though this was a routine traffic stop for him, the outstanding and lasting impression left by Trooper James reflects on both himself and your unit. Please relay my gratitude to Trooper James and if possible include this correspondence in his file during his evaluation.

Sincerely,

William D. Rath

Trooper James Badge # 2407

DEAR RATH
