Dear Major McCarter;

I rarely write to praise an Officer of the Law, funny because I'm married to one myself, my wife is an Officer for the Miami Dade Police Department. But let me tell you in one word what Officer Lawrence does on the exit ramp of LeJunne and NW 36<sup>th</sup> street on the 112 Airport Extension is "**Outstanding**".

He cites those motorists who attempt to enter the exit ramp my crossing over the solid white line which labels and identifiers that this lane is to exit to LeJunne and NW 36<sup>th</sup> Street. These drivers do not make the line that at times backs up as a result of heavy traffic in that area, these drivers feel omitted to following the rules of the road, so they come up to the very entrance of this exit, and attempt to make entry. This causes a few uncomfortable situations, reason being that they at times block one lane, the right lane were traffic keeps following to the Airport and the other exit of LeJunne going North Bound and drivers at times are forces to brake very quickly.

I can tell when Officer Lawrence is there, because you don't see the heavy compounding of vehicles attempting to make entry on this exit ramp and delays on this ramp is very minimal.

Please commend him on his efforts, the driving public at times is inconsiderate to the rules and regulations of the roads, but Officer Lawrence just reminds them from time to time.

Thank you Sir.
