Captain Joseph Schmidt  
3775 W. King Street  
Cocoa, FL 32926

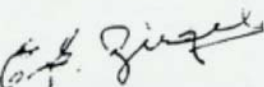

Dear Captain Schmidt,

On 1/27/03 I was involved in an accident on Rt 192 West Melbourne. The reason I am writing to you is to let you know how effective the training and supervision of your officers appeared to me.

My own background as superintendent of a N.J. state prison led me to observe the performance of your officers in a critical manner. Both Trooper Moore and Capt. Martin were efficient, courteous and compassionate as they proceeded to carry out their duties in a well-organized manner.

I am 86 years of age and have been driving 70 years, many of them in Florida. Florida is the only state in which I have had a couple of minor accidents, with one summons for an illegal left turn. I expect to return for many years in the future and commend you and your men for a job well done.

Sincerely,

Edward G. Ziegele
