RE: GUEST SPEAKER - Trooper Thompson

I would like to thank Trooper Thompson, for speaking to both of my classes at South Dade Adult Center.

The students thoroughly enjoyed hearing what Trooper Thompson had to say about becoming a trooper of the Highway Patrol. The students asked many questions about Trooper's job. He did a great job speaking to my classes. The feedback from my students was very positive. Some of my students were very interested and they would like to become Florida Highway Patrol Officers after they receive their High School Diploma. Trooper Thompson has a great rapport with my students.

Thank you again for taking time out of her busy schedule so he could talk to my work experience students.

Sincerely

LEONARD I. FRAIND  
Work Experience Coordinator
