JUL 22 2004

Gentlemen

Just a quick note to say what a fine & very professional Trooper I met the other night. I was very tired and I have a knee which will be operated on next week.

I was pulled over by Trooper Benezedy and he was very serious yet a couple of gentlemen.

He saw I was having trouble standing and

had me sit while he checked my documents etc. when he returned he gave me the warning notice

and advised me to be careful on "His" road. I paid close attention to his words and

said thank you and drove home.

Let me not say much but a kind word and kind treatment go a long way.

Thanks for having this fine office.

Sincerely,

Ted Vernon
