Dear Colonel ~~Knight~~ <sup>CHRIS</sup>:

I would like to thank your agency for the quick response to the Charlotte County Sheriff's Office following Hurricane Charley. The devastation from this Category 4 Hurricane left the county in total despair. Many homes were destroyed and the entire county was without electricity and in a state of shock.

Some of those with major damage were Law Enforcement personnel. Assistance from agencies like yours helped law enforcement situations run more smoothly and gave time off for those officers who needed to handle their emergency situations.

Thank you for your support during this difficult and trying time.

Sincerely,

William Cameron  
Sheriff
