Dear Director,

Recently I was on holiday in Florida, and on 09/04/04 while driving to Crestview from Fort Walton Beach, was pulled over by an Officer Noiseut, I.D. number 11210813, Troop A.

I just want to say that I've never been treated with as much respect and dignity by an Officer as I was that night.

Please don't think I'm paying this compliment because I only received a warning. I'd be writing this letter even if I had been issued a hefty citation.

My impression of Florida Highway Patrol is most professional and I share it with everyone I talk to about my trip.

And I will watch my speedometer more diligently than ever.

Sincerely,

Joel L. Clement
