Dear Col. Knight:

On 06/26/04, I was traveling north on Route 10 entering the city of Tallahassee when I met Captain Marty Snow of the Florida Highway Patrol.

Captain Snow looked sharp, was extremely professional and counseled me on paying closer attention to the speed limit. I appreciated Captain's Snow's compassion.

As a former Trooper, I was very impressed with Captain Snow and I am certain he is one of the reason's the Florida Highway Patrol enjoys such a positive reputation.

Sincerely,

Lionel A. Cote  
Chief of Police
