

4-7-04

Col.Christopher Knight
 Florida Highway patrol

The date was 3-29-04. I just changed a flat

tire on my boat trailer and turned off the Woodville
 Hwy. onto Rt. 98 The spare tire rim was rusted out and the wheel came
 off the trailer.
 Officer Bret Woodward (spelling?) was right behind me and witnessed
 the accident. He helped me pull off the
 road, set up safety cones and look for my lost wheel. He then drove me
 into Woodville to get the tire
 repaired. While I put the wheel on the trailer he directed traffic and
 was really concerned for my
 safety. Officer Woodward helped me out of a real bad situation. His
 professional manner and concern for
 my well being is my idea of the perfect Highway Patrol Officer.
