Re: Presentation by Trooper Larry E. Coggins, Jr.

Dear Colonel Knight:

Last week Summit hosted four highway safety seminars for our employees, presented by Trooper Larry E. Coggins, Jr. Over the course of two days, Trooper Coggins presented invaluable information to our employees, including the latest traffic laws and the new driver license emergency contact information procedure. He also answered dozens of questions from employees, from how to behave in certain road situations to family safety concerns, among many others.

Trooper Coggins is an excellent presenter whose energy and enthusiasm are contagious. Each employee who attended thoroughly enjoyed and appreciated his presentation and many have commented about how much they learned.

I want to thank you for allowing Trooper Coggins to come to our office. I also wish to thank all state troopers for their contributions to our community.

Sincerely,

Rick Hodges
President & CEO
