Dear Director Knight:

On January 18, FDLE held a meeting with local agency representatives to discuss FALCON, Florida's Integrated Criminal History System and the implementation of Rapid Identification Technology that will be available in the near future. Thank you for allowing Lee Caswell and Steve Gaskins to take the time out of their busy schedule to participate in this meeting.

Your staff was very helpful during the meeting, identifying points that must be considered in the implementation of this new technology. We have requested all participants to respond, via email, to some of the questions that were raised during the meeting. These responses along with a synopsis of the minutes of the meeting will be provided to all participants in the next few weeks.

We have asked all of the local agency representatives to continue to be available to assist us by responding to questions that may surface in the future. We anticipate such interaction to be informal, perhaps via email or conference calls, as questions and issues surface that require end-user input.

Your support and the support of your staff are critical to the success of FALCON. Again, thank you for your agency's participation in this meeting and your support in this project. If you have any questions or comments, please contact Iris Morgan via email irismorgan@fdle.state.fl.us or by phone (850) 410-7201.

Sincerely,

Donna M. Uzzell
