Dear Colonel Knight:

My eighteen (18) year old daughter was involved in an accident wherein Trooper Danny Myers worked the accident. Trooper Myers was very professional, courteous and compassionate toward us as parents.

Trooper Myers fulfilled the responsibilities of his position, yet acted with genuine care for the welfare of our daughter spending time with us in the hospital answering all our questions. He helped us get through an otherwise unsettling and stressful situation.

We applaud the Florida Highway Patrol for employing individuals such as Trooper Myers.

Sincerely,

William G. Massey
