Florida Highway Patrol  
General Headquarters  
Attn: Colonel Christopher A. Knight  
Neil Kirkman Building  
2900 Apalachee Parkway  
Tallahassee, FL 32399

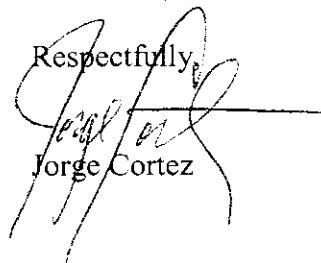

Dear Colonel Knight:

I would like to take this opportunity to commend Sergeant Daniels of the Florida Highway Patrol for his outstanding treatment of my wife and me during a recent encounter. On a return trip from South Carolina, we experienced car problems on I-95 in St. Lucie County. With nightfall approaching and six miles from the nearest exit, Officer Daniels came to our assistance and stayed with us until he was certain we were out of harms way.

Officer Daniels' professionalism best exemplifies FHP's credo "courtesy, service and protection." As an area supervisor for Okeechobee, Indian River, Martin and St. Lucie counties, he modestly stated that he was just "doing his job." However, we would like to personally recognize Officer Daniels for coming to our aid in a time of need.

In passing, we were saddened to learn that after 24 years with the Florida Highway Patrol, Officer Daniels will be retiring in the near future. The next generation of FHP troopers would be well served by following his lead and his selfless commitment to his community.

Respectfully,

Jorge Cortez
