Attn. Colonel Chris Knight

Dear Colonel Knight:

I bring to your attention the experience I had last Saturday along a remote stretch of Interstate 10 in Jackson County at mile marker 150. In route to the FSA Conference in Sandestin, my Chief Deputy and I along with our wives became stranded following a transmission failure.

Moments later, Trooper Genoa Williams arrived to check on us and extended a level of professionalism and courtesy that reflected favorably on you, the Highway Patrol, and our profession. Trooper Williams, together with the Jackson County Sheriff's Office, assisted us with arrangements for towing and transportation.

I appreciate the prompt assistance rendered by Trooper Genoa Williams, and I hope this formal letter of thanks will be forwarded to her personnel file.

Best regards,

Mike Scott
