Lake County: A healthy community climate, free of violence and substance abuse.

October 27, 2008

Dear Trooper Diaz,

I just wanted to "Thank You" for visiting East Ridge High School on Friday, October 24th during student lunches to pass out information regarding Teen Safety Driving Week. Obviously, the information you shared will make a difference with the students in our community. I really appreciate your willingness to take the time to address the issues our teens face when they drive. Thanks again!

Sincerely,

Lou Ann Stubbs, Project Coordinator
