Dear Colonel Czernis,

On behalf of the First Baptist Church Of Brooksville and myself we want to personally thank the Florida Highway Patrol for the their assistance in demonstrating the Roll Over Similator at our Vacation Bible School Kick-Off. There were 250 people in attendance.

I contacted Trooper Edwards and ask if it would be possible to bring and demonstrate the Roll Over Similator on July 12, 2008. He was most accomodating in helping us. The time and place would fit into his schedule. The adults and specially the children were enlightened by his presentation and made them realize they MUST WEAR SEAT BELTS.

Being affiliated with the Florida Highway Patrol for 40 years and a member of the Florida Highway Patrol Advisory Board, it is my pleasure to commend Trooper Edwards on the outstanding presentation and his vibrant personality.

Trooper Edwards is an asset to the Florida Highway Patrol.

Sincerely yours,

JOE CHIAVAROLI
