

October 22, 2008

Major Grady Carrick
Florida Highway Patrol
7322 Normandy Blvd.
Jacksonville, FL 32205

Major Carrick,

I'd like to take this opportunity to thank and commend Reserve Trooper Patricia England for the assistance she recently provided to the University of North Florida Police Department.

On October 14, 2008, Reserve Trooper England conducted a twelve hour in-service training session for the members of our agency and several members of the Highway Patrol on speed measurement utilizing the Laser device. With a great deal of expertise she explained the details and proper use of Laser speed measurement and discussed case law updates pertaining to speed enforcement. The feedback from the members of our agency was very positive and they found the information to be enlightening.

I sincerely appreciate Reserve Trooper England's contribution to our agency. In her current capacity she could have easily denied our request or asked for a training fee. Instead she volunteered her time and knowledge to further the mission of our agency. She is certainly a member of your agency to be proud of. I hope we will be able to work together on other training endeavors in the future. Please know that if I or any member of the University Police Department can ever be of any service to you, feel free to contact me at 620-1020.

Sincerely,

Mark K. Foxworth
Chief of Police
