

July 12 08

This letter is an open letter to the
Directors + the troopers. Esp. Tpr CJ Frazier:
Dear Sirs + Madames:

I want to commend Tpr CJ Frazier for his
excellent attitude adjustment he gave me
on I-95 recently. His grace + power were
evident to me after I met him - when
he stopped me for speeding. I realized
after he wrote me a warning (thank you)
that I was not angry at him but at the
other driver that had tempted me into
speeding to get away from his harassment.
My apologies to Tpr Frazier for my
anger - and true thanks to you for
zapping my attitude. The incident in
question was on June 5, 08 and I am
still thinking of it.

Thank you all for being there in this
world of danger. Thanks for putting
your lives on the line daily for all of
us.

Tpr Frazier - stay cool and keep on
helping people!

Sincerely,
Donna Spencer
