

Dear Director,

I am forwarding this Notice given to me by
Troper Mus.

I am an attorney and although retired, I know
how to deal with the public
I just wanted you to know that Troper Mus is a
real professional, courteous - a real human being.
First of all he handed me the Notice and said it was
courtesy of the Director of FHP. He was very polite,
well mannered and understanding. More Troper
should be like him. Maybe he can give strong to others
