RE: Officer C J MCCARRON

Dear Sir:

I'm writing to you to complement officer Mccarron for the courtesy and professionalism he displayed on a recent traffic stop that I was involved in.

I made an improper turn after stopping at a tricky intersection in an industrial section of West Dade County.

Officer Mccarron very courteous, professional and took the time to explain to me why I was pulled over and the subtlety of the infraction and other important points affecting traffic at that particular intersection.

He could have given me a ticket, but, instead gave me a warning and took the time to give me a good "roadside education", which I greatly appreciated.

I feel that Officer Mccarron's professionalism is worthy of recognition and I would appreciate your commending him for the positive experience he provided.

Sincerely,

A handwritten signature in black ink, appearing to read "M B Palmer", with a long horizontal flourish extending to the right.

Michael B. Palmer
