Dear Colonel Czernis:

I greatly appreciate your allowing the Troop D Motorcycle Unit to escort my father's funeral on August 05, 2008. I was very proud of the Florida Highway Patrol participating in the escort and I know my father would have been honored.

The group performed their duties flawlessly and I received many comments from those who attended about the professionalism of the Florida Highway Patrol. The approval of my request meant a lot to me and on a personal note, I will always remember your favor to me. Again, thank you very much.

Sincerely,
