

9 Nov 2009

To: Clerk of Court, Baker County Court, MacClenny FL

Please find a check in the amount of \$116.00 for a speeding violation on 31 October 2009. I'm a 27 ½ year active duty Marine stationed in Maryland. My wife and son reside in Ridgeland, SC. I had an opportunity while on travel in Panama City FL to meet up with my wife in Jacksonville FL for the day. I was excited to see my bride of nearly 23 years and during my travels to Jacksonville I exceeded the authorized speed limit while passing two cars that were driving slowly in the left lane. That is when Trooper A.L Cummings pulled me and another car over. This was the first time I have been stopped since getting my drivers license at age 16 in August 1980. I completed Drivers Improvement several years ago in 1985 as a military requirement. See photocopy of said course.

I want to express that Trooper A.L. Cummings was an absolute professional. I was upset at myself for speeding, but had a great conversation with him and he was a true professional in all he did. You probably do not get much praise for your officers, but I hope my comments can make it in his personal records. For having been stopped and getting my first ticket, it was great to have been treated extremely fairly and professional by Trooper Cummings. He is a great credit to your core of Officers and represents your county and state well.

Sincerely,

Randy O. Carter
