*~ Changes will enhance security leading the way to a Safer Florida ~*

**TALLAHASSEE** – The Florida Department of Highway Safety and Motor Vehicles has developed a list of Frequently Asked Questions regarding upcoming changes that will impact Department customers beginning Oct. 1, 2008. Changes relate to the documentation needed to obtain and renew a Florida driver license, length of time licenses are valid, the cost of licenses and identification cards and more. The list is designed to help customers better understand how the changes impact them and help them understand documentation changes after Oct. 1, as well as convenience and security benefits. Please visit [www.flhsmv.gov](http://www.flhsmv.gov) to review the Frequently Asked Questions.

The Florida Department of Highway Safety and Motor Vehicles would like to encourage customers to skip the trip and use our many online services at [www.GoRenew.com](http://www.GoRenew.com). Here, customers can renew their driver licenses, identifications cards, vehicle tags and change their addresses, in the convenience of their home or office. Customers who need to visit an office may schedule an appointment, which can be made online, using our Online Appointment Service and Information System, <http://oasis.hsmv.state.fl.us/>.
