Subject: 2007 Florida Uniform Traffic Citation Statistics Report

I am pleased to inform you that the 2007 Uniform Traffic Citation (UTC) Statistics Report is now online. The complete report may be viewed at the following address:

<http://www.flhsmv.gov/reports/UTCStats.html>

This report covers UTC activity during the 2007 calendar year as contained in the Department of Highway Safety and Motor Vehicles' (DHSMV) UTC database as of March 1, 2008 and citation and disposition information received from the county Clerks of Court.

A summary sheet has been included for each county that identifies two categories, "Original Violations" and "Disposition of Violations, including those reduced or changed". The "Original Violations" category represents the total number of citations written and reported to the department. The "Disposition of Violations" reflects the adjudication of these violations as reported to the department by the Clerks of Court. Any dispositions pending in the court system are listed in the far right column of the report. The details of citations and their dispositions are also available to you for each agency that issued the citations. We hope you will find this useful for your own assessments.

If you have any questions or require additional information concerning the Florida Uniform Traffic Citation Statistics Report, please contact Ms. Dana Reiding, Chief, Bureau of Records, at (850) 617-2702.
